How to keep your password safe!!

Your password is very important to us and we want to make sure it's kept safe!! Inside of school although everyone that enters the school is a safe adult, only tell your password to a teacher which is wearing the **FAMOUS WHITCHURCH LANYARD!!!** Outside of school only give your passwords and personal information to a trusted adult or guardian (that doesn't include someone you have just met).

Only tell teachers with this lanyard

We hope you have learnt something new today!!

And you know how to keep your passwords secure!!

Remember to keep your password safe!!!!
