

School Council Action Plan 2018-19

Action	Impact	Time / Resources	Evaluation
Establish regular school council meetings at least once per half term.	• Empower children to have greater voice in the decision making in school. • Establish children's views on issues in school which affect them. • Enable changes to be fed back to children in class through School Council Members.	Regular meetings at lunch times	
Establish a process of election to assign specific roles to children within the school council.	• Greater responsibility and ownership for school council. • More structured approach to meetings. • Sessions to become more student led than teacher led.	Set a budget for School Council to use on their own initiatives.	
To create a list of action points the school council would like to address	• Children have ownership over school decisions and direction.	Annual calendar of events	
Develop a student questionnaire to accurately assess how the children feel about different aspects of the school.	• Highlight key areas to address through LAST and School Council. • Develop a record of how changes are effecting pupil's perceptions.	AG to develop a questionnaire with relevant prompts to help pupils make accurate and fair judgements.	
Analyse data from pupil's responses and use to highlight areas for development and improvements made.	• Ensure that areas of most concern are being addressed. • Measure the impact of change on the children.	AG to analyse the responses from questionnaire with School Council.	

Set up a school Council Notice Board with minutes of meetings and items being discussed as well as photographs of the School Council Members.	• Increase the profile of the school council and the work it is doing. • Encourage all children to take a more active role in the running of the school	Pictures of the school council members. Minutes updated after meeting.
