4. Final Reminders:

PACE and Emotion Coaching workshops for parents:

During our INSET day in October, staff were trained by the Cardiff Education Psychology team to use and implement the PACE and Emotion Coaching approaches to support our learners as part of our approach to managing big emotions and resulting behaviours.

We will also be hosting parent/carer workshops on these two approaches, which will be led by the Education Psychology team. Please see the attached handout for information. If you would like to attend a workshop regarding these approaches, then please fill out the Google form, [through this link](#) or by scanning the QR code included. This will enable the team to offer the training at the most appropriate time for as many parents and carers as possible. We will share the dates of the training in the spring term.

School Website: A reminder that our new website is now live! Our website address has remained the same: www.whitchurchprm.co.uk

The photographs and images will be updated and added over the course of the school year, and we will continue to add helpful information. We hope that key information is now easier to access such as; year group pages, newsletters, important dates and a copy of the 'week ahead' information.

All year groups will add weekly updates to the year group pages on the website. You will be able to see all updates from this term on these pages. Similar to our previous website, our year group pages are secured with a password. When trying to access the year group pages, you will see the following log in request:
